**Courses Expected to Be Offered Spring 2024 (Incomplete and Not Guaranteed)**

The following is a list of courses that the COL currently expects to offer in Spring 2024.

The list is incomplete in that we hope and expect to add more courses to it before spring enrollment, especially some of the experiential learning and seminar courses offered by some of our longtime adjuncts (who are likely to be able to continue to serve but who simply can’t commit this far in advance).

The list is not guaranteed. Things may and likely will change unexpectedly. We cannot give you any assurance that these are the courses we will offer. That said, we would rather give you a forecast than nothing at all. But it is just that—a forecast.
