The following list includes the courses that the College of Law currently expects to offer in the 2021-2022 academic year. Due to unforeseen changes in circumstances, the College may not be able to offer all the classes listed (and may offer some classes that are not included in this list). As an aid to help students plan their course of study, the College provides this estimate so that it may assist students to prioritize classes for the 2020-2021 academic year. Some courses may be offered in more than one section at least one of the semesters.
